DRAYTON VALLEY, ALBERTA
TUESDAY, JANUARY 11, 1972

The Gooding and Matt Trophy is presented to the winners of last weekend's Oilmen's Bonspiel by Ed Chymycz. Rink members from the left are Lou Schneider, John Fraser, Brent Fellows and Don Graham.

Schneider Rink Wins Oilmens' Bonspiel

Forty-eight rinks took part in another successful Pembina Oilmen's Bonspiel held here last weekend.

Top prize in the 'spiel went to a rink composed of Lou Schneider, Calgary, skip; John Fraser, Drayton Valley, third; Brent Fellows, Drayton Valley second; and Don Graham, Drayton Valley, lead.

The Schneider rink won the final with an 8 - 6 victory over Wes Harrison's Swan Hills Construction rink.

The bonspiel got underway Friday morning with M.L.A. Rusty Zander throwing the first rock to the broom of Mayor Lloyd Mclean.

The forty-eight rinks again represented a cross-section of the Alberta oil industry with rinks present from Calgary, Olds, Red Deer and the northern part of the province.

Legion Announces Contest Winners

Gloria Wensley and Laurent Gascon have been announced by the R.C.L. Branch 269 as first prize winners of $10 and a certificate each at the branch level of the essay and poem competition.

Second prize in the essay category went to Brenda Harris, who received five dollars and a certificate, while Pat McIsaac and Jerry Hook tied for the poem category, second prize of five dollars and certificates.

All winners are from Drayton Valley and attend grades seven, eight and nine.

Highly commended certificates went to Morris Tocheniuk, James Novosel and Bradley Lockhart. No entries were received for the senior competition. Local Legion members felt that although not many entries were received, the quality of the essays and poems was exceptional.

The annual Legion Literary composition contest opened October 19th with the closing date for all categories set for November 24th.

Subject themes this year for the essay category were: a short biography of someone from the school or community who laid down his life in war; how you would commemorate Remembrance Day to keep alive the memory of those who gave their lives for their country; how young people today could make the best use of peace purchased at such a high price.

In the poem category, any treatment of Remembrance Day was satisfactory.

All winning entries have been forwarded to Zone Two Commander for judgment at the district level. Winners at that level will then be entered provincially and, finally, nationally, where first prize winners will take part in the National Remembrance Ceremony in Ottawa.

VOYAGEURS FIGHT FOR FIRST PLACE

The much improved Voyageurs under the coaching of Dale Mayan came through on Thursday night with a well-earned victory.

Thanks to fine goal-keeping by Keith Jameison along with good back-checking and solid defense they were able to hold the Winterburn Falcons to a 6 - 0 loss.

Glen Nash paced the Voyageurs with a pair of goals and one assist.

Other goals were made by Schadeck, Summers, McKegg, and Mundle.

Assists on goals: Mundle (1); Schadeck (1); Summers (1); McKegg (1); McGinn (2); and Reich (1).

The high spirited Drayton team outshot the Falcons 35 - 31.

The Voyageurs currently hold down second place in the Yellowhead League with 6 wins and 2 losses.

Their last three games they have scored 31 goals against zero for their opposition.

Things are looking better for the club this year and with some breaks they could be a threat for the league championship.

Duperron Headlines Local Card

Bert Duperron will take on Dale Anderson of Rocky Mountain House in the feature attraction of the first amateur boxing card to be presented in Drayton Valley this season. The bout will be at the 132 pound weight limit and should be an excellent contest. Duperron has been setting a terrific pace since the Alberta Amateur Boxing season opened in September with a string of victories over some of the outstanding boys in the province. In Anderson, Bert will be facing one of the top boys in Canada. Dale has just returned from the Olympic Trials where he gave an excellent account of himself against top ranking competition. The bout will take place Saturday evening, January 15th at the Junior High School Gymnasium.

Other bouts on this boxing card will feature several boys from the Pembina Club, Eddie Lauer, Steven Strickland, Vern Phillips, Rickie Klippert, Ray Duperron and others. The opposition will come from Rocky Mountain House, Edmonton and Breton.

Boxing fans be on hand for Drayton Valley's first boxing card of the year on January 15th. The following week the Pembina Boxing Club presents the province's top Junior tournament, the Silver Gloves.

Police Seek Assistance

Drayton Valley R.C.M.P Detachment is seeking the assistance of residents in apprehending those responsible for a rash of vandalism last week.

In the early hours of Friday, January 7th vandals punctured several car tires and caused minor damages to other vehicles parked off the lane at the rear of owners' property. Nine complaints were received by the R.C.M.P.

The R.C.M.P would appreciate any assistance from residents who might have observed anything of an unusual nature early Friday morning. Contact the R.C.M.P. at 542-3622.

Rebels Defeat Barrhead, Westlock

BY DOUG BARNES

Last Thursday night the Rebels and Henry Hodgson went on another scoring spree plucking the Westlock Eagles for 11 goals to — their 4. Hodgson put five goals past Westlock goal-tenders Wayne Stolen and Tom Renaud. Henry also collected two assists.

Sam Belcourt also had a big night with three goals and three assists.

The Rebels were in full control of the game all the way. Lome Foster came up with a good game stopping 34 shots -- some were good scoring chances for Westlock

The Rebels shot 28 times at Westlock goal-tenders with 11 of them going into the net.

A clean hockey game and some good skating by both sides. Only eight penalties were called in the game by referee Eric Paterson.

Last Saturday night the Rebels crossed sticks with the Barrhead Sabres and out-fenced them to the tune of 8 - 2. This was a rough, chippy hockey game. It's pretty obvious that the Sabres can not take getting beaten. I think the referee's are partly to blame for letting a hockey game like this develop. When they see a game like this starting to go to high sticking and slashing they should go to the coaches of the teams and warn them of possible suspenion or penalties unless they go back to playing hockey the way it was meant to be played.

Dan Davie and Art Assman were chosen as first and second stars respectively by two hockey scouts from the Swift Current Broncos. They were in town to have a look and a talk with Larry Wall, Jim Tucker and Dave Smith.

Dave Smith will be going to the Swift Current Bronco's for a

A "first baby of the year" gift was presented to Mrs. Cooke by Mrs. Gina Armstrong, President of the Oilwell Chapter Certified Nursing Aides and Mrs. Lois Wanagas, Education Chairman.

The Oilwell Chapter hopes to make the presentation of a layette to the first baby of the year an annual undertaking. The organization raises funds for the layette purchase through various projects.

Plans Well Advanced for Silver Gloves Program

The Alberta Silver Gloves boxing tournament scheduled for Drayton Valley January 22nd and 23rd, 1972 is in its final stages of planning and organization. Some entries have already been received for the tournament and from early indications we can expect the calibre of competition to be at the top level.

The Silver Gloves is a tournament for Junior boxers. In order to be eligible to take part a boy must be under the age of sixteen years. On the other hand this tournament is not for beginners. Experience is necessary in that a boy must have competed in four or more sanctioned bouts to qualify for this competition.

In most cases, however, the competitors will have far beyond the minimum required bouts to their credit. Despite their age a majority of the Silver Gloves participants will have several years of ring experience, possibly fifty bouts under sanctioned competition and likely a few championships along the line. Prime examples are the Knight brothers, David and Jimmie of Breton. They are sons of Larry Knight, Coach of the Breton Boxing Club. Both boys are still very young but they know their way around the squared circle and have compiled very impressive records in Junior competition over the past few years. David Knight at the age of ten years has some forty-five bouts winning thirty-five. He won the Bronze Gloves Tournament in 1969 at the 60 pound weight limit In 1970 he had a fine year but no championships. Among other feats he was runner-up in the Silver Gloves Tournament. Last year he won the 1971 Silver Gloves championship in the 70 pound class. He also won the 1971 Provincial Championship at 70 pounds. To cap off a perfect year David went on to win the Blackfoot Gloves Tournament in the 70 pound weight catagory.

Jimmie Knight at the ripe old age of eight years has taken part in a total of 46 ring bouts. When he was only five years old he won the Bronze Gloves championship at 50 pounds. The following year, when he was all of six years of age he was the Provincial 55 pound champion. Jimmie also reached the 1970 Western Canadian Junior finals and was runner up in the 55 pound class. In 1971 Jimmie Knight won the Southern Alberta Junior Championship at 60 pounds and was a finalist in Provincial competition at the same weight limit.

Both of the Knight boys have been boxing for the past four years. Both have compiled excellent records against the very top competitors in the province at their weight limit. Both are rated among the top Junior boxers in Alberta and Western Canada.

Another boy who has seen his share of ring action and who will be competing in the Silver Gloves is Ray Duperron of the Pembina Boxing Club. Ray has had over 50 fights against the best in his weight class. Ray will likely compete in the 147 pound class. Rickie Klippert, a relative newcomer to the local club will also compete in the "Gloves". Rickie at 139 pounds has shown much promise and should do well in this competion. Eddie Laurer and Steven Strickland are the other competitors. More about them later.

Tickets for this two day boxing extravaganza are now on sale. The bouts will be held at the Junior High School Gymnasim.

three game try-out about the 20th of this month.

Back to the game, Dan and Art both played a good hockey game. The hard-hitting defense man Dan Davie picked up two goals and an assist. Art Assman picked up one goal and two assists, and also back-checked and forechecked very well for three periods.

Jim Feeney is back with the Rebels. He did not get much ice-time but was skating well for the first time out.

Twenty-four penalties were handed out by referee Darrel Haverlock, thirteen to Drayton Valley and eleven to Barrhead. Sam Belcourt was assessed 17 minutes including a 2-minute minor, five minutes for fighting and a 10 minute misconduct. Seven major penalties were handed out in the game.

This is a big week at home for the Rebels. They are at home to the Wetaskiwin Colonels Tuesday night and the Fort Saskatchewan Huskies Thursday. Both are tough teams to beat.

The Colonels game is very important because they are in second place just four points behind the Rebels and they only get two chances to play them in the league schedule. Once here and once in Wetaskiwin.

give love

While a child awaits adoption, or his parents' reconciliation, he is a ward of the province. It takes an uncommon amount of love to take a shocked, frightened child into your heart during this troubled time.

The Department of Social Development's "Parents For a While" program consists of people: your neighbors, colleagues, friends. "Parents For a While" are mature persons who respond to the challenge of giving love, understanding, and security to troubled adolescents who need it desperately. They accept and love children who have not yet learned to love. To these people, helping a young life in crisis is more important than considerations of physical disability, teen-age disorientation, or race.

Post-Holiday Blues

Report From Parliament Hill

By Allen Sulatycky, M.P.

Holiday-season agreement among all the parties in Parliament finally brought to an end the hard-fought debate on national farm marketing legislation. Without such agreement the debate threatened to continue through most of January, after already being before Parliament for more than two years.

National marketing legislation has been demanded for many years by some farm groups. In the case of some products such legislation is considered the only way in which farmers will be able to obtain decent prices for their goods.

The main purpose of this Bill is to place the control of the production, the establishing of prices, etc. for any product into the hands of the producers of that product if the producers want such power. Ideally, it will be a giant step in the direction of removing agriculture from the realm of petty politics, enormous producers and others who don't really want a sizeable segment of Canadians making a good reasonable income producing food.

The Bill, as originally drafted, did leave too much room for other than producers to have too much say. Members of our caucus through months of work prepared over 25 amendments so that producers of every (or any) commodity would be assured of control over their own commodity. Some valuable amendments were forthcoming from the opposition parties. They too, received the support of the government members and are now in the Bill.

A great deal of opposition to the Bill was mounted by cattlemen who feared that the passage of the Bill might eventually force cattle producers to accept a marketing system which they did not want.

The Minister of Agriculture in explaining the Bill insisted that no product could be subject to marketing legislation unless the majority of the producers of that product in each province agreed to such a scheme. However the language of the Bill did not set this protection out quite as clearly.

In order to clarify the position the government agreed to propose an amendment to the Bill which would state in more precise language the protection which the Bill would afford producers. This amendment was accepted by all parties in the House on the next-to-last day of 1971, bringing to an end one of the longest debates of this Parliament.

LETTERS TO THE EDITOR

The Editor,
The Western Review,
Drayton Valley, Alberta

Dear Sir:

Re: Proposed Ban on Shooting

After attending the meeting at Rocky Rapids on 2nd December, 1971 I left the hall feeling like some kind of outcast in society because I lived in a town. If you were not a taxpayer to the county you had no say in anything was the impression I got.

As far as the quote "town residents, most of them Fish and Game Members" we were all fish and game members and we totalled six out of the approximate one hundred and twenty-five present.

On being asked if the Fish & Game Association had any ideas of how to solve the problem in question, I started to put forward a suggestion but was shouted off the floor so I would like to put this suggestion to the public now.

If we look at the by-laws we have now to protect the landowner and the hunter closely we will find that we have quite ample, if the farmers and hunters work together to help the local law enforcement officers in enforcing them say for a period of one year, I think we will find we have sufficient.

We must remember that all these by-laws made these days are for our favour, what about our children. In the future we will have so many laws they will be unable to step from the house without breaking one. As pointed out by a farmer who lives close to Drayton he has no bother with this problem during the hunting season because he says all the hunters are in the bush. So let us not call all people who carry a gun hunters and let not the genuine hunter suffer because of a few vandals, let us all get together and stamp out vandals.

There is only one more thing that bothers me, that is the reply by Councillor Ivan Vowk on the question by Dr. Ken Heater "if this by-law is passed does it include Indians?" and the reply was "yes". Does the County of Parkland have the authority to cancel the hunting privileges of the indians?

Yours faithfully,
A. D. Kirkup, President
Pembina Oilfield Fish& Game Association.

Editor,
The Western Review.

Dear Sir:

A few years ago a concentrated effort was started in Drayton Valley to get all residences etc. properly addressed with house numbers in preparation for future house mail delivery.

House numbers were sold to the individuals by the Drayton Valley Lions Club, as one of their many fund raising projects. The money from these projects was and still is used for the improvement of our community and for recreation facilities.

Imagine the ease with which relatives or newcomers would be able to find the proper residence, as soon as the address is obtained from either the Town Office or from the telephone directory.

This would be nice indeed, but at this point the trouble starts.

In several sections of our town there is either no regularity in the order of house numbers, or residences without house numbers or the house numbers do not correspond with the address a person is looking for.

How bad the situation is, was discovered very recently by the local Lions Club members, as they tried to deliver the new telephone directories. This again is one of the many activities of the local club. Quite a few books could not be delivered to the addresses shown on the official A.G.T. list (which means that the addresses in the telephone directory are also incorrect.) and the Lions had to ask the persons concerned to pick up their books instead of having them delivered.

The case of wrong addresses is far from new here in Drayton Valley. Since the Drayton Valley Lions started to deliver these telephone directories some four years ago, we found mistakes in the lists, but instead of improving, the situation is getting worse

I think that the Lions Club is not alone in hoping that some definite action will be taken by the proper authorities to have this situation corrected as soon as possible.

Cloth Cutters Hold Regular Meeting

Seventh regular meeting of the Camwood Cloth Cutters 4-H Club was held at the Community Centre recently.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

Premier Peter Lougheed is moving cautiously on more than 100 campaign promises his party made during the 1971 election campaign.

But the tasks of administration and organization of his government team are well advanced already, as the new premier exercises his prerogatives of appointing and firing personnel to suit the new style of government.

Decisions of this nature have drawn predictable cries from the Socred Opposition, which regards any Tory appointment as a partisan appointment.

While men like Calgary Social Credit President Bill Downton have accused the government of playing "boondock" politics, the Opposition doesn't really have much to complain about.

After all, the Socreds had 36 years in which they were seldom challenged on their appointments and decisions, many of which were blatantly political.

One of the more memorable recent Socred examples of patronage was the awarding of the contract for operation of the Calgary Single Men's Hostel to well-known Socred supporter Jack King as president of Persona Care Limited of Calgary.

That contract was one which the incoming Tory government was quick to cancel, primarily because of the political atmosphere surrounding the Persona Care firm.

What could turn out to be a controversial Tory appointment is that of A. L. "Chip" Collins, president of Alberta Coal Ltd., to the sensitive position of deputy provincial treasurer.

Mr. Collins is a well-known PC fund-raiser, has no experience in government and comes from the same Mannix business empire which employed Premier Lougheed before he started a private law practice.

It can be noted, however, that all governments at one time or another make partisan choices when filling positions. After all, they could hardly be expected to appoint political enemies whom they spent years trying to kick out of political office.

As the new year begins, it is becoming obvious that the most important political decision Premier Lougheed will make in 1972 will be the future schedule of petroleum royalties payable to the provincial government.

There is a strong possibility a Legislature committee will hold public hearings to obtain the views of various interest groups on this delicate question.

The decision will be a touchy one, because Mr. Lougheed needs some extra money to finance election promises. At the same time, the government cannot risk alienating the petroleum industry which has contributed $3 billion to provincial coffers since the Leduc oilfield discovery.

GOOSE NESTING PLATFORMS

Giant Canada geese (Branta canadensis maxima) readily accept nesting platforms. Two of many designs are shown. **A** — moulded fibreglass unit mounted on metal legs. **B** — section of 55 gallon oil drum on wood platform, with angle-iron stand. Three units can be made from one oil drum which should be thoroughly cleaned before use. Best results are from platforms 3 to 5 feet above water, not too far from shore and 50 to 75 yards apart. A layer of marsh grass or hay should be put in nest unit as the birds will not accept empty units. Wooden platforms accommodate the male at the nest and are know as "gander landers". During their stay her brother arrived from Chaplin, Saskatchewan, so they had another round of visiting. Jean had not seen her brother for twenty-seven years. They went by car so they could do some sight-seeing, but the snow was so heavy and wet, more than here too, that they were unable to do any driving for pleasure. Both insist they will not make the trip in the winter again.

It is too early to start thinking about seed for spring 1972? Perhaps you don't concern yourself with this until three days before you start seeding; in this way you will have a better chance of getting the following:- Barley with smut; seed with poor germination; forced to take a variety which is not suited to your location or operation; and a variety of weeds you didn't have before and will take 30 years to get rid of.

Cleavers may fit well into this category.

Perhaps you will consider one of these points undesirable. If so, act soon. My desk is presently full of research findings, reports and new pamphlets. Some of those available are: Dairy Husbandry in Canada; Farming Peat Soils in Alberta; Beef Production From the Dairy Herd; The Use of Hormones for Finishing Cattle; An Introduction of Beef R.O.P; Cow-Calf Enterprize Analysis - 1970; and Edmonton Dairy Farm Business Summary.

Local Boxers Win on First Calgary Card

Four boxers from the Pembina Boxing Club travelled to Calgary to take part in the first amateur boxing presentation in that city in 1972. The boxers under the direction of Coach Lawrence Duperron made an excellent showing in the Stampede City with Bert Duperron and Rickie Klippert scoring victories while Ray Duperron and Vern Phillips lost decisions in their bouts.

Bert Duperron continued his winning ways in the 132 pound class by stopping Clifton Backfat of the Blackfoot Reserve Boxing Club in 42 seconds of the second round. Young Backfat was outclassed from the start and never had much chance against the shifty, hardhitting Duperron.

Ray Duperron dropped a split decision to Carmen Rinke of the Lethbridge Boxing Club in a bout at 147 pounds. This was a close, spectacular bout with little to choose between the two competitors.

Rickie Klippert won an unanimous decision over Calgary's Allan MacLaughlan in a bout in the 147 pound class. Klippert looked impressive in this bout and thereby give fair warning that he will be a threat in the upcoming Silver Gloves Tournament held here later this month.

Vern Phillips lost a split decision to Lance Nickol of Calgary in an exciting bout at the 127 pound weight limit. This limit was a thriller all the way with Nickol's ring experience affording him his margin for victory.

Drayton Valley will have its first boxing show next Saturday evening at the Junior High School Gym. The main event will feature Bert Duperron against Dale Anderson of Rocky Mountain House. Many local boxers will be taking part as well as boys from Breton, Edmonton and Rocky Mountain House. That is Saturday, January 15, 1972. The following week Saturday, January 22nd and Sunday, January 23rd the Pembina Boxing Club will host the Silver Gloves.

KNOW YOUR SCHOOLS

This "question-and-answer" column provides an opportunity for citizens to ask questions about education. If you have any question concerning the schools you are encouraged to send it to " "Know Your Schools?" - P.O. Box 777, Stony Plain, Alberta.

QUESTION:
What is MEETA?
ANSWER:
The Metropolitan Edmonton Educational Television Association is compsed of the major educational agencies in and around Edmonton and includes the County of Parkland school system. These agencies combine their resources - to make a wide variety of educational television programming available to all age groups both in school and those out of school.

QUESTION:
What does instructional television offer to the schools of Central Alberta?
ANSWER:
It acts as a resource centre of carefully integrated materials not ordinarily available to classrooms, and more importantly, it acts as an agent of change to improve educational opportunities for students.
QUESTION:
Who determines what instructional materials will be offered? Can schools outside of Edmonton participate in these decisions?
ANSWER:
The teachers and supervisors of the member school systems or the faculty committees of post-secondary institutions, who normally create the curriculum are the same ones who process ideas for the T.V. curriculum. There are also two Program Councils of MEETA that help keep an eye on the overall balance of community interests in MEETA'S programming.
QUESTION:
How is MEETA supported financially and what is the participation fee for the County of Parkland?
ANSWER:
Presently, the Department of Education provides roughly 50% of the operating budget; the University of Alberta 20%, and the final 30% is shared proportionately by the participating school systems.

The budget for 1971 was $563,-085.00. The County of Parkland makes payment at the rate of $1.50 per pupil. However, not all schools in the County receive a clear signal from the MEETA broadcast station and the number of students is based only on schools within the good reception range. On this basis the total payment to MEETA for 1971-72 will be $5,-835.00.

The presses are rolling.

Tax reform legislation has been passed by Parliament and is now law.

What does tax reform mean to you? How will it affect you?

To answer these questions, the Department is conducting a massive national mailing program. Booklets are now being printed and mailed to all taxpayers as quickly as they come off the press.

The complete mailing will be finished in about five weeks.

All taxpayers will receive at least two booklets—"Highlights for Individuals" and "Valuation Day". These should provide answers to most of your questions.

Some taxpayers will receive additional information, according to their specific needs.

Read your booklets. Afterwards, if you have questions, ask us. We'll be glad to help.

You will find that your booklets will make it easier to file your income tax return in 1973, because they will help you to prepare now.

Yellowhead School Division Completes Policy Review

The passage of the School Act in 1970 resulted in a policy development and review committee being established by the Yellowhead School Division Board of Trustees. The committee was struck to examine existing policies to ensure consistency with the new legislation as well as to develop new policies where the Act was silent. The committee began its work in late 1970 and just recently completed their review.

Although final responsibility for policy formulation and adoption rests with the Board, the Board, nevertheless, felt that wide participation would ensure that the best policies would be formulated and that there would be a greater commitment to the policies by employees. As a result, a committee with representation from the three A.T.A. Sub-Locals, the Administrators' Association, the high school student body, and the whole Board was struck. When it was found that there was a preponderance of men on the committee, a woman was appointed.

The committee's operation has involved a review and discussion of policies and regulations drawn up by the Policy Development officer, George Buckle, who was released from his duties as principal of the Evergreen School to carry out the job. The teacher representatives, in particular, have consulted with teachers in their respective areas to get as wide a reaction as possible to the policies.

Clippers Split Weekend Games

The Clippers got back into league play this weekend, by suffering their 3rd loss of the season and recording their 7th win of the year.

Saturday night at Trochu as the injuries struck the team, the Clippers lost 4 - 1. Ron Bartek was lone goal-getter.

Sunday afternoon against Lacombe behind the solid goal-tending of Bert Duperron and the play of Dean Samis the Clippers edged out a 2 - 1 win. The first Clipper goal was a power play which saw a well executed two-way passing play between Mark Hutton and Dean Samis. Hutton completed the play with rebound shot over a sprawled Lacombe goalie. Samis scored the winner with less than two minutes left in the game, after intercepting a pass at centre and beating two defencemen to score the winner.

Next Clipper home game will be on Friday the 14th at 8:30 p.m. against Camrose, who are in first place.

Clippers play at Ponoka on the Wednesday; Innisfail Saturday; and Olds Sunday.

TOMAHAWK NEWS

Once again another year has rolled around. Children are back in school and Mom and Dad are back to the old routine. We hope everyone had a Merry Christmas and a Happy New Year and that Santa was good to everyone.

Christmas wasn't happy in some homes though. A well known "old timer" of Tomahawk, Mr. Mike Zander, was taken to the Royal Alexandra Hospital in Edmonton on December 23rd. He is still there and is to have an operation very soon to determine the cause of his illness. Mr. Zander was 88 years last August and and he and Mrs. Zander celebrated their 65th wedding anniversary. Our prayers are with you and Mr. Zander and we hope to see you up and around soon.

Ed Yanke was taken to the Drayton Valley Hospital the day after Christmas and came home on Tuesday, January 4th.

Gloria Jouan is starting her sewing lessons very soon now. Anyone interested please phone her right away, so you can get in on the first lesson. The lessons will include stretch sewing, lingerie, anything else you wish to learn. Classes will be at the school. Phone 339-2352.

Congratulations to Bill Androschuk of Horen and Wanda Weldon who were engaged to be married on December 19th. Bill works for Calgary Power at Wabamun. He is apprenticing as a steam engineer there. They plan to be married in July.

The Tomahawk Pee Wee's played hockey against the Lions on January 2nd. Lions won 2 - 0. Tomahawk and the Elks played January 6th. Elks won 4 - 1.

Congratulations also to Glenda Pryor and Pepper Martin who were engaged on Christmas day. Glenda, at present, is taking a hair dressers course in Edmonton.

Rod and Caroline McDonald (daughter of Bob and Enez Shepel) and their two children, Randy, six, and Connie, five, were transferred from Iran in October, 1971 to Singapore, Malaya. They'll be in Singapore for two years. Caroline phoned home from Singapore on Christmas day. It was 4:30 a.m here in Tomahawk and it was 7:00 p.m. in Singapore. Wouldn't it be fun to get a phone call from such a distance. All were reported as fine.

Bill and Faye Lovell (Bob and Inez's other daughter) and children Bradley, one and Bruce, two, have moved from Newfoundland, to Adelaide, Australia. Nice that some of the Tomahawk people are getting to see the world.

The Tomahawk and District Curling Club held its regular meeting on January 3rd. The ice is good and ready for another season of enjoyable curling thanks to Frank Gilbert and Glen Shaw who did a very good job of making the ice this year. The caretakers for the year are Bobby Enjeneski and Glen Shaw. Don't forget the Men's Open Bonspiel, January 21, 22, 23, with a mixed bonspiel February 11, 12 and 13. Those wishing to curl for the season or just curl in bonspiels please contact Mrs. Adele Steike.

The Tomahawk Men's Hockey team have come up with two wins against the Golden Spike Men's Hockey team. Good going fellows.

Mrs. Marie Maude Hansen, wife of Arne Hansen of Burtonsville, passed away on January 3rd. She was 61 years of age and has been ill for several months. Surviving, besides her husband, are two sons Arnold and Gordon, both of Burtonsville. Three grandchildren. Her stepfather, Joseph Mears of Warburg; three sisters, Mrs. C. E. J. (Elizabeth) Kehoe of Edmonton; Mrs. Albert (Nora) Broadbent and Mrs. H. F. (Kathleen) Hansen both of Warburg. Two brothers Albert and Jack Lenethan of Chilliwack, B. C. Funeral services were held in St. Charles Church at Warburg, Friday, January 7th. Interment took place in the Church Cemetery.

Mrs. Emelia Jabs, another old-timer of the district passed away on the fourth of January, at the age of 85 years. Born in Volenia, Russia on March 5th, 1886. She was married to Martin Jabs in 1910 in the old country. Her husband came to Canada in 1913 but because of the out-break of the 1914 war she was not able to come to Canada. Mr. Jabs worked for three years in Kitchner, Ontario then came west and homesteaded in Tomahawk. Mrs. Jabs finally was able to come to join her husband in 1923. One child was born to them in the old country and died there. She is survived by five children. Three sons, Manuel of Claresholm, Alberta; and Bernard and William both of Tomahawk. Two daughters, Mrs. J. (Lillian) Hamula of Edmonton and Mrs. E. (Tillie) Solomon of Tomahawk. Thirteen grandchildren. Two brothers, William Zander in Ontario and Mike Zander of Tomahawk. Also two sister, Mrs. Justine Richter of Stony Plain and Mrs. Marion Falue of Ontario. Her husband pre-deceased her several years ago. Funeral services were held Friday, January 7th at the Tomahawk Immanuel Lutheran Church and interment took place in the Tomahawk Lutheran Cemetery. Rev. Dale Mohr officiated.

Many people have been very ill with the flu and a speedy recovery to all who have been unfortunate to get it. Jane Enjeneski even had to go to the hospital with it. Hope you are better, Jane.

SUB-MITS

FROM THE ELEMENTARY SCHOOL

We live in a rapidly changing world. Even our language changes so quickly that what was taught several years ago is becoming irrelevant. The following article reprinted from Home and County illustrates how rapid the change really is

AN OVER 30 VERSE

Remember when hippie meant big in the hips; and a trip involved travel in cars, planes or ships?
When pot was a vessel for cooking things in; and hooked is what grandmother's rugs might have been?
When fix was a verb meaning mend or repair and be-in meant simply existing somewhere?
When neat meant well-organized, tidy and clean; and a grass was a ground cover, usually green?
When lights and not people were turned on and off; and the pill was intended to help cure a cough?
When groovy meant furrowed, with channels and hollows; and birds were winged creatures like robins and swallows?
When fuzz was a substance, all fluffy like lint; and bread came from bakeries, not from the Mint?
When a roll was a bun and a rock was a stone; and hung-up was something you did to the phone?
When chicken meant poultry and bag was a sack; and junk was just cast-offs and old bric-a-brac?
When cat was a feline, a kitten grown up; and tea was a liquid you drank from a cup?
When swinger was someone who swung in a swing; and pad was a sort of a cushiony thing?
When way-out meant distant and far, far away; and a man could couldn't sue you for calling him "gay"
Words once so sensible, sober and serious; are making the scene, man, like psycho-delerious.
It's groovy, mum - but English it's not. Methinks that the language is going to pot.

The teachers will be taking part in a one-day Institute this coming Friday. This is being held in Spruce Grove this year. The sessions will deal with many of the subjects that are constantly changing in the school curriculum. Thus the teachers get hints and techniques as to the best method of presenting new ideas.

AIR CADET NEWS

The move by the 733 Legion Squadron R.C. Air Cadets to the new Frank Maddock High School was completed in November. Rifle range-butts will be moved in the near future as target shooting and range procedures are an important part of the training program.

Air Cadet Instructor Sgt. G. Hess, C.F.B., Edmonton inspected the Squadron and new facilities, and was impressed with the twenty-six cadet turn-out on such a miserable night.

On December 20th cadets travelled to Breton for a social evening with the Breton Army Cadet Cadets. Various games were played, a shooting tournament was held, film was shown, and supper served before the return trip to Drayton Valley. The 733 Squadron thank Capt. Wynnyk and his fellow officers and the Breton Army Cadets for an enjoyable evening. Also thanks to the drivers for taking the group there and back. It is hoped that the Breton Army Cadets will make a social visit in the near future.

733 Squadron has been slated for a familiarization flight in a "Dakota" aircraft from C.F.B. Namao on Saturday, January 22. Unfortunately only half the quota will be taken (16 cadets in the 733 Squadron's case). Further details will be forthcoming and it is hoped more will be able to get airborne.

Recruits are still urgently required to bring parade strength up to the minimum number necessary to keep the squadron in operation. Any interested youths thirteen years and over, please attend the parades held every Thursday at the new Frank Maddock High School from 7:00 p.m. to 9:00 p.m. Longer hair styles and sideburns are now permissable, so don't let that be a deterent factor.

The Squadron offers instruction in the following subjects: navigation, meteorology, airmanship, theory of flight, engines, small arms and target firing, foot drill, leadership, first aid, survival, initiative training and citizenship. Along with these are familiarization flights, gliding flights and visits to plants and government buildings.

There are also competitive opportunities for flying scholarship, gliding pilot training, exchange visits, senior leader courses, technical training courses, physical education courses and ground search and survival course. An annual two week summer camp is held for twenty-five percent of the squadron as of January 31st.

Good luck to Keith Lathe who is trying for a Flying Scholarship this year.

The stated aim of the Air Cadet Movement are: To develop in youth the attributes of good citizenship and leadership; to promote physical fitness; and to stimulate the interest of youth in the air element of the Canadian Forces.

The movement operates on the basis of a co-operative effort involving the Air Cadet League of Canada and the Canadian Forces. The effective combination of Service and Civilian resources has been a prime factor in the growth and success of the Air Cadet Movement over the years.

The Motto of the Royal Canadian Air Cadets is "To Learn - To Serve - To Advance".

Young men are asked to join us and take advantage of the many opportunities offered to members of the 733 Legion Squadron Royal Canadian Air Cadets.

From January 1st to November 7th, 1885, a unique post office was situated at the place where the tracks from east and west on the CPR transcontinental line were to meet. It was well described by its name, End of Track, Rocky Mountains, CPR.
